A. Use this die on a Medium Envelope flap to add the branch-like design. Step-it-up by adding a piece of Designer Series Paper behind it.

TIP: Be sure to size the Designer Series Paper so that it is below the glue line of the envelope flap.

C. This die adds a bit of beauty to the edge of four different sized envelope flaps! The markers on the die itself help you line up the edge of each flap so that it cuts in just the right spot.

You can also use it to scallop the edge of Designer Series Paper that can be adhered to the flap for the perfect coordination of your creation. Here are the sizes of Designer Series Paper needed for each envelope size, **before** you scallop the edge.

- 3x3 Envelope - 1 3/4 x 3 1/8
- Notecard Envelope - 2 1/8 x 5 1/8
- Medium Envelope - 2 1/2 x 5 3/4
- Large Memories & More Envelope - 2 1/2 x 6 1/2
